

模擬国連 JMMUN に参加しました

参加した生徒の感想をご紹介します！

On behalf of the Senzoku MUN club, I'd like to once again express our gratitude to Seiko Gakuen and Junten High School for joining us for the very first session of JMMUN. Ever since my first conference in Malaysia, hosting a conference was one of the top wishes I had as a MUNer. The three S2 Board members all felt the need for more forums to be available for Japanese students to debate on pressing international issues and collaborate towards a consensual resolution. I was very happy to see many students new to MUN join our session, and I can only hope that this experience had been a good foundation to their MUN career. It was the utmost honor to serve your first JMMUN Secretary General, and I am confident that the next generation will carry out an even bigger and more fruitful session.

-K.T. (Secretary General/Chair)

JMMUN was something new that I have always wanted to try here at Senzoku. Our concept was to have a student lead conference and expand it to outside our school boundary. I am so glad that we three worked so hard to make this happen! It wasn't an easy task but I must say that it made me grow as a person and look at world issues from a different perspective. It was a whole new experience leading the delegates and stimulating debate. I am so thankful for this experience and looking forward to an even brighter future for Senzoku's Model UN Club!

-R. S. (Chair/Director)

This JMMUN, starting our own MUN conference here at Senzoku, was a challenge for us and we have always wanted to do it. It was something new to us, to have other schools join us and we had some hard times planning this, but I am very glad that the three of us got to do this together! It was a great experience and I am very glad I got to be involved in this! This experience made me strong as a character and I learned a lot of priceless stuff. I am thankful for everyone that supported and participated in this JMMUN! I can't wait to see the future S2s to create an even better conference!

-A. M. (Rapporteur)
